Allowable Subject Matter

3. The following is an examiner's statement of reasons for allowance: Claims 1,5,11, and 17 distinguish over the prior art of record in that the Applicant specifically claims a gaming machine whereby plurality of second outer display elements are installed on a standardized substructure of a top box in place of a plurality of first outer display element; where at least a portion of the second outer display elements have a different shape than the first outer display elements. The teaching of the Applicant's claims are different from the prior art in that the prior art teach gaming machines where only certain panels can be replaced from the gaming machine with no different shape feature.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
